Summary

Front-End Developer with 3 years of experience building responsive and dynamic web interfaces using **HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, and Vue.js**. Skilled in **Tailwind CSS, Bootstrap**, **Redux**, and API integration using **REST, Axios, and Fetch**. Proficient with **Git, GitHub, npm, yarn**, and **VS Code**, with strong abilities in **debugging, problem solving, clean coding**, and **code reviews** to deliver high-quality user experiences.

Skills

- HTML5
- CSS3
- JavaScript (ES6+)
- TypeScript
- React.js
- Vue.js
- Tailwind CSS
- Bootstrap
- Responsive Web Design
- Web basics
- Express.js
- Three.js
- Redux
- REST APIs
- Axios
- Fetch API
- npm
- yarn
- Git, GitHub
- React
- VS Code
- MongoDB
- NodeJs
- AWS

Experience

Front End Developer
September 2023 to Current
Delta 360 Services PVT LTD

- Developed responsive, user-friendly web interfaces using **HTML5, CSS3, JavaScript (ES6+), and TypeScript**.
- Built and maintained dynamic front-end applications using **React.js** and **Vue.js**.
- Implemented modern UI layouts using **Tailwind CSS** and **Bootstrap** to ensure consistent design.
- Created seamless user experiences through **responsive web design** and strong understanding of core **web fundamentals**.
- Managed state efficiently using **Redux** and integrate front-end components with **REST APIs** using **Axios** and **Fetch API**.
- Used **Git**, **GitHub**, **npm**, and **yarn** for version control, package management, and streamlined development workflows.
- Written clean, maintainable, and scalable code following **clean code principles** and established best practices.

- Performed thorough **debugging**, troubleshooting, and performance optimization of front-end features.
- Conducted and participated in **code reviews** to maintain code quality and ensure consistency across the team.
- Collaborated with designers, backend developers, and stakeholders to deliver high-quality, production-ready features.
- Utilized **VS Code** and modern development tools to improve productivity and development efficiency.
- Ensured cross-browser compatibility, UI consistency, and adherence to accessibility and UX standards.

Front End Developer Intern
March 2023 to August 2023
Delta 360 Services PVT LTD
- Assisted in developing responsive and user-friendly interfaces using **HTML5, CSS3, JavaScript (ES6+), TypeScript**, and frameworks like **React.js** and **Vue.js**.
- Helped integrate tyling and component development using **Tailwind CSS**, **Bootstrap**, and follow clean code and best development practices.
- Helped integrate **REST APIs** using **Axios** and **Fetch API**, and collaborate through **Git/GitHub**, **npm**, and **yarn** to manage code versions and project dependencies.
- Participated in debugging, problem solving, and basic **code reviews**, contributing to smooth front-end development and improved user experience.

Project 1

GizSpy
An innovative platform to help users discover and compare electric devices, offering a comprehensive database with specifications, reviews, and comparison tools.
Tech Stack : HTML, CSS, Javascript, React.js, Talwind CSS, Next.js

Project 2

Chat-App
A chat app is a real-time messaging platform that allows users to send and receive messages instantly. It can be built for web or mobile, and often includes features like:

Education

B.Tech in Computer Science and Engg. From DBATU
